

28<sup>th</sup> October 2016

Dear Parents/Guardians,

This just a quick letter to let you know what the focus of our learning is this term.

Our Topic this term is called Pole to Pole where we will be exploring polar animals and the environments they live in. We will also use our Science Skills to find out more about food chains, climate and polar survival.

In Maths we will continue to improve on our addition and subtraction skills through participating in Big Maths activities and games and will introduce the concept of symmetry.

Miss Drever's Primary 3's will continue to have gym on a Monday and Tuesday while Miss Jackson's class will have gym on Tuesdays and Fridays. Please remember to bring appropriate gym wear to school on those days.

Finally just a reminder that class readers and home readers will be sent home with homework on a Friday and should be returned with homework by the following Wednesday. Please sign the reading record to show you have listened to your child's reading and feel free to write a comment to let us know how they got on.

Thank you for your support and do not hesitate to get in touch if you need to discuss anything further.

Miss L. Drever and Miss Jackson.
