

## Welcome back to Primary 2!

We hope you had a fine time in the Easter holidays, all things considered.

and are ready for the busy term ahead. Here are some of the things we will be learning about up until June...

# Health and Well

### <u>being</u>

Healthy choices, healthy child, will be our focus for this term and each week a new key message will be shared with parents and children. This will encourage us to make informed and healthy diet and lifestyle choices. Week 1 we will be exploring the question "Do you know how much physical activity your child should be getting each day?"

We will share pictures of our learning through google classroom.

# **Other Information**

- Please continue to provide a small snack and **named** water bottle.
- Homework will be issued on a Friday. Reading books will be issued during the week and should be returned the following Monday..
- Please continue to check google classroom for updates and general messages. If you have any trouble do not hesitate to contact me via email. Thank you Mrs Clementson

## Maths and Numeracy

In numeracy we will be continuing to develop our mental maths subtracting and adding to 20 and beyond. We have been learning about counting in 2s, 5s and 10s, introducing multiplication. We will be learning about

calculating the area of shapes, measurement, fractions and expressions and will enjoy learning these areas of maths outdoors (weather permitting).

P.E.

In line with current guidelines

however this may change so

wearing your kit - lots of cosy

and waterproof layers just in

case! Suitable footwear is also

needed. All jewellery must be

removed before you come to

school on a PE day otherwise

you won't be able to take part.

This includes earrings. Please

ensure any long hair is tied

back too. The children are

pleased to hear that

Mrs Paul-Bird will

be teaching us PE

for the rest of the

Rm 5 – Friday

term.

P.E. is currently outdoors

please come to school

#### Literacy

In literacy, we will continue introducing new phonics sounds and more challenging common words, building on our knowledge from previous terms. With regards to writing we will be working towards 'uplevelling' our written pieces by including more sophisticated language and techniques with a focus on vocabulary, connectives, openers and punctuation.

#### Context for Learning: Our Growing World

Our topic for this term is *Our Growing World*, and with that we will be exploring the growth cycles of plants, animals and humans. We have already been growing cress,beans, pumpkins in our classroom so hopefully the nice weather continues and we'll have our very own beanstalk in no time!

### <u>Key Covid-19</u> Measures

2 metre distancing between adults
Each class is their own
'bubble'
Regular hand
washing/sanitizing routine - No parents in the playground -Careful selection and cleaning of resources
