

What will my child need for nursery?

Every day

A school bag	<i>Please put your child's name on this.</i>
A jacket	Every day please, regardless of the weather. <i>Please put your child's name on this.</i>
Indoor shoes	No laces please. Velcro/slip on/gym shoes are required – basically something the child can try to or do themselves. <i>Please put your child's name on these.</i>
Welly boots	We go outside, in all weathers, all year round so these are important. Wellies can stay in nursery. <i>Please put your child's name on these.</i>
At least one full change of clothing	The more the better if your child is yet to be toilet trained! <i>Please put your child's name on these.</i>
Spare pants & socks	We kindly ask for multiple pairs of these...especially if your child is not toilet yet trained.
Puddle Suit/Waterproofs	Aldi usually have good deals over summer. Nursery does have a supply too though, so don't worry if your child doesn't have one. 😊 <i>Please put your child's name on this.</i>
Water bottle	Strictly water only please – <u>no</u> juice or fizzy drinks. <i>Please put your child's name on this.</i>
Pull Ups/Nappies	A supply from home is required if your child is still toilet training.
Medication	If your child requires medication/inhaler please bring this along on their visit, then again on their first day of nursery. Nursery require a spare inhaler which stays in nursery.

Please bring a box of tissues and a pack of wipes at the beginning of the year. Nursery may kindly ask for more in the winter months.

Warm/Hot Weather 🕶️
